

FILLER PANEL WITH INTEGRATED RECESSED REGION FOR
ATTACHING DEVICE

5

ABSTRACT OF THE DISCLOSURE

10 A keyed filler panel with integrated recessed region for attaching device is disclosed. In one embodiment, the present invention is comprised of a filler panel body. The present embodiment is further comprised of a recessed portion integral with the filler panel body. The recessed portion is fixedly coupled with the filler panel body, and adapted to receive an attaching device for removably coupling the filler panel body with respect to a chassis.
